**1. NATURE OF OPERATIONS AND GOING CONCERN**

Neoteck Solutions Inc. ("the Company") is incorporated under the Company Act of British Columbia. The Company is currently determining the direction of its future operations. The Company is listed for trading on the TSX Venture Exchange ("TSX-V") under the symbol "NEO.H". The Company's registered and records office is located at 2600 - 1066 West Hastings Street, Vancouver Canada V6B 1N2.

These condensed interim financial statements have been prepared on the going concern basis, which contemplates that the Company will continue in operation for the foreseeable future and will be able to realize its assets and discharge its liabilities in the normal course of business. If the going concern assumption were not appropriate for these financial statements, then adjustments may be necessary in the carrying value of assets and liabilities, the reported expenses and the statement of financial position classifications used. Such adjustments could be material. As at May 31, 2015, the Company had a working capital deficiency of \$101,750, had not yet achieved profitable operations, had an accumulated deficit of \$2,694,270 since inception and expects to incur further losses in the future. These factors may cast substantial doubt on the Company's ability to continue as a going concern. The Company's continuation as a going concern is dependent upon its ability to obtain the necessary financing to meet its ongoing levels of corporate overhead and discharge its liabilities as they come due. Although the Company has been successful in the past in obtaining financing, there is no guarantee that it will be able to obtain adequate financing in the future or that such financing will be on terms advantageous to the Company.

**2. BASIS OF PRESENTATION**

These condensed interim financial statements have been prepared in conformity with International Accounting Standard ("IAS") 34, *Interim Financial Reporting*, using the same accounting policies as detailed in the Company's audited annual financial statements for the year ended February 28, 2015. They do not include all the information required for complete annual financial statements in accordance with International Financial Reporting Standards ("IFRS"), as issued by the International Accounting Standards Board ("IASB") and interpretations of the International Financial Reporting Interpretations Committee ("IFRIC") and therefore should be read together with the audited annual financial statements for the year ended February 28, 2015.

These financial statements were approved by the board of directors for issue on July 28, 2015.

The preparation of these condensed interim financial statements in accordance with IAS 1, *Presentation of Financial Statements*, requires management to make certain critical accounting estimates and to exercise judgment in applying the Company's accounting policies. Estimates and judgments are continually evaluated based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. In the future, actual experience may differ from these estimates and assumptions. Critical judgments in applying accounting policies that have the most significant risk of causing material adjustments to the carrying amounts of assets and liabilities include the going concern assumption.
